

Commands and custom crafts

Command available to everyone

- `spawn` - tp you to world spawn
- `tpa {playername}` - request to the player if you can TP to them, they can either click the button in the chat or do `/tpaccept` / `/tpdeny`
- `tpahere {playername}` - same thing but to you
- `home {name}` - Teleports you to your home (max 3 homes)
- `sethome {name}` - Sets a new home (max 3 homes)
- `delhome {name}` - Deletes a home
- `w {playername}` or `msg {playername}` - Sends a dm to the player (i, Charlotte / Frezlotte, is always with `/socialspy` on, expect me to see your message, even if not connected)
- `r` - reply to the dm

Special crafts

Waystones

Full video presentation : <https://youtu.be/QDvdj5lfnIY>

Rename in anvil to set a name !

One of many variants:

(Doesnt work anymore, 3 blocks below can be a lot of things, ill make a list)
